SARIT Day

- **Kohlas**
  - What is Informatics?
    - Denning's "Great principles of computing"
- **Hromkovic**
  - Hromkovic fundamentals
    - algorithms
    - modular design
    - programming
      - simulation
      - testing
      - to communicate with device
  - How to teach Informatics
    - focus on creating concepts and notions
    - focus on problem solving
    - try to avoid too many technicalities
    - don't focus on computer driving license
  - ABZ center for Informatics Information
    - network of 180 teachers
    - STIU Swiss Day on teaching CS
